DIRECTIONS FOR VOTING ("SAMPLE" BALLOT OF VOTING MACHINE) GENERAL ELECTION NOVEMBER 6, 2007 No one will know how you have voted because the movement of the curtain lever returns the voting levers to the unvoted position before the curtain begins to open.

No votes are registered until the curtain lever is moved to open the curtain, and so you can make as many changes as you desire while the curtain lever is at the right side. 1. Move the Red Handle to the Right. IF NAME IS NOT ON MACHINE

To vote for a candidate whose name does not appear on the machine, raise the diagonal side (at the top of the machine) over the title of the office, and write therein the name you wish to vote by. Turn the Lever over the name of each candidate you wish to vote for from this position and leave the voting levers DOWN. Turn the Lever over the yes or no of each proposal you wish to vote for from this position and leave the voting levers DOWN. Each candidate's voting lever is located just above the name; a voting lever must be turned down over the name of each candidate for whom you wish to vote. Leave voting levers down. The machine is so arranged that you can turn down only the proper number of voting levers for each office or proposal.
